WEAR A HELMET

and ride in a safe place away from the road

- Check that your child wears a bicycle helmet when playing or riding on wheels – bikes, foot scooters, rollerskates, skateboards or rollerblades. The helmet should be firmly buckled so it fits without wobbling or slipping to the sides. It must protect the forehead.
- Your child's helmet must comply with the Australian and New Zealand Standards (AS/NZ2063). It must be securely fitted and fastened on the rider's head.
- Although children quickly learn to pedal, steer and brake, they are not ready to ride with traffic on the road.
- Children under twelve and those adults accompanying them may ride on the footpath, unless there are signs specifically prohibiting cycling.
- When riding on the footpath, cyclists must keep to the left and give way to pedestrians. Children need to take special care at driveways as vehicles may be driving in or out. At intersections, children should dismount and wheel the bicycle across the road as a pedestrian, following the usual 'Stop ! Look! Listen! Think!' procedure.
- Your child must wear a helmet when riding a bike in any public place – it's the law.
